**Price range:** \$1.5 - \$1.54

| PEC Type 4                               | Base   | Limit        |
|--|--------|--------------|
| STH Efficiency                           | 0.14   | → 0.3        |
| \$ / m <sup>2</sup> (PEC Cell)           | 21.00K | <b>→</b> 100 |
| Cell Lifetime / years                    | 0.3    | <b>→</b> 3   |
| \$ / m <sup>2</sup> (Solar Concentrator) | 100    | <b>→</b> 60  |

| Photocatalytic            | Base                 | Limit                     |
|---------------------------|----------------------|---------------------------|
| STH Efficiency            | 0.02                 | <b>→</b> 0.2              |
| kg(Catalyst) / L          | $5.3 \times 10^{-4}$ | $\longrightarrow 10^{-5}$ |
| \$ / kg(Catalyst)         | 3000                 | <b>→</b> 100              |
| Catalyst Lifetime / years | 0.5                  | <b>→</b> 1                |

| PV + E                       | Base | Limit                            |
|------------------------------|------|----------------------------------|
| \$ / kW(PV)                  | 1200 | → 200                            |
| \$ / kW(Electrolyzer)        | 1115 | <b>→</b> 200                     |
| $kg(H_2)$ / kWh(Electricity) | 0.02 | $\rightarrow 2.9 \times 10^{-2}$ |
